BlackJack Twins & Crazy Twins Extended

THE SIDE BETS THAT DRIVE YOU CRAZY!

A blackjack game with 2 optional side bets based on the first card of your hand as well as the dealer's first card.

Discover the unique Blackjack Twins & Crazy Twins

Sit down in front of a Blackjack game like no other! Bet on 1 to 5 hands in the classical Blackjack bet zones and activate the Twins et Crazy Twins bets!

The Twins et Crazy Twins are simple secondary bets based on the first card of your hand as well as the dealer's first card. If they form a pair, *you've already won!*

You may choose to play Twins without betting on the Blackjack. To win the Crazy Twins bet, which offers the highest winnings, you must also win your Blackjack bet and hand.

This extended version allows you to bet on more combos: mixed pairs, coloured pairs, suited pair or suited pair with 5. You may win between 5x and *300x your bet in one single gamble!*

Play comfortably at home on the desktop version or on the go with your smartphone *in portrait or landscape mode.* Blackjack Twins & Crazy Twins is an intense game with more opportunities to win and as many good reasons to play!
